

DENALI WHOOOO?

DID YOU KNOW...

## Breaking News

Last evening in Las Vegas, HP recognized Denali Advanced Integration of Redmond, WA as a Partner in Excellence Award for HP IPG Business Growth in Hardware and Managed Print. Majdi “ Mike “ Daher, Denali founder and CEO accepted the honor from Stephen DiFranco, HP Channel Chief.

Denali stands “Above the Rest” for its Managed Print practice in demonstrating innovation and delighting customers with a solution to manage and control costs for their printer fleet .

**UPDATE** – COMMUNITY SERVICE . One Year look back ..Two years in a Row ---WOW !

Denali’s impact on our local Community and the Todd Stabelfeldt Foundation has made a difference in changing lives for the better

One year ago at HP’s APC , Denali Advanced Integration was recognized for innovation philanthropic IT practices within the community with our passion and support for the Todd Stabelfeldt Foundation. We have made tremendous progress in one year but the Foundation continues to need your support and donations.

Our commitments to the local community is not about recognition, but about giving back and helping those who touch so many lives and change the world. . Reach into your heart , share this VIDEO with friends and family , please donate and help make a difference. See attached and video on UTUBE <http://www.youtube.com/watch?v=53LN0v20F14>

Thanks to everyone for their support and caring . Our passion is to delight our customers with a great experience and give back to our community. Share the Todd story with your friends ,family, company , teams and community.

Regards,

John J. Convery
